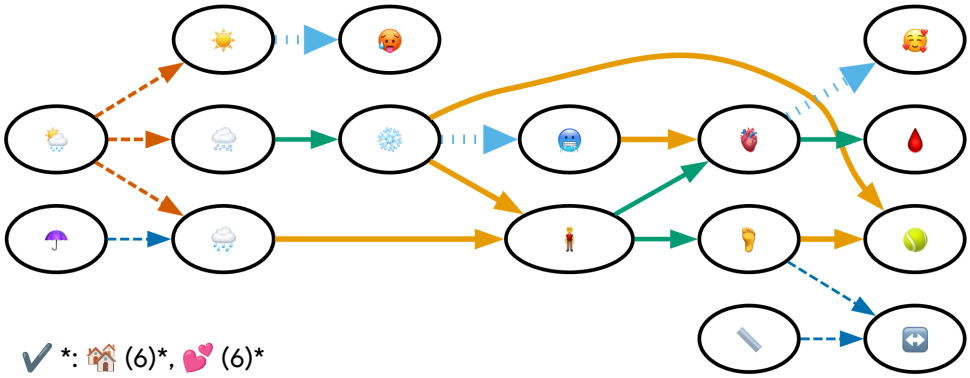
Knowledge Graph

Can you help our AI understand the wealth of semantic connections in Google's Knowledge Graph?

Training example



✔️ *: 🏠 (6)*, 💕 (6)*
❌ *: 🏠 (5) , ❤️ (5)

Test data

GraphViz link. Optional tips: You can replace the labels on lines 8-68 of the digraph with your answers and the svg will be automatically updated. Hover over nodes or edges in the svg to view node/edge names.
