

**Build  
for  
everyone**

Hi everyone,

We wanted to reach out and say hello, in what may be a difficult time for you. As we've missed out on seeing you in real life at events on campus lately, here are a few opportunities that you can get involved in from the comfort of your own home!

Thanks and stay safe,

Google University Programs team

## Global Coding Competitions

Whether you're new to programming or a seasoned expert, our competitions are an opportunity to hone your technical skills and connect with a dynamic community of coding enthusiasts.

### Code Jam 2020

**Qualification Round starting on 3 April**

[Code Jam](#) is Google's longest running global coding competition, where programmers of all levels put their skills to the test. Join the community and take on a series of challenging algorithmic puzzles designed by Google engineers. You'll have a chance to earn the coveted title of Code Jam Champion and win \$15,000 USD at the World Finals. **Ready to compete?** Registration is now open until 5 April 2020. Learn more at [g.co/codejam](https://g.co/codejam)

## Kick Start 2020

**[Kick Start](#) Round B kicks off at 11pm UTC on 18 April.** Kick Start is a global online coding competition, offering programmers of all skill levels the opportunity to hone their skills through a series of exciting algorithmic and mathematical problems designed by Google engineers. Whether you're interested in learning more about coding competitions, growing your coding abilities, prepping for an interview, or simply having fun, Kick Start offers something for everyone.

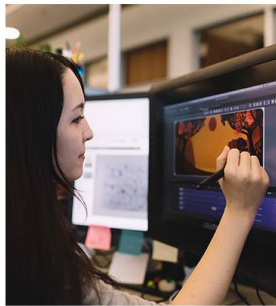

Give any one of our eight online rounds a try, or join them all! Watch this [video](#) for tips on getting started, and register today at [g.co/kickstart](https://g.co/kickstart).

## Join our Developer Student Clubs program

Google is looking for students to be leaders on campus for the Developer Student Clubs program. Developer Student Clubs are university based community groups for students interested in Google developer technologies. Students from all undergraduate or graduate programs with an interest in growing as a developer are welcome. By joining a DSC, students grow their knowledge in a peer-to-peer learning environment and build solutions for local businesses and their community.

To open a DSC chapter at your university, [apply to be a lead here](#) by **15 May**.

## YouTube Live: Women@ Google - Tech Panel

Our colleagues in North America hosted a Women in Tech panel over YouTube Live recently. [Click here](#) to watch the virtual event, which was broadcast live from Mountain View, California, and hear from these women about overcoming imposter syndrome, advice for university students, life at Google and much more!

## Studying from home? Make it work for you!

Many people around the world are now finding themselves in different working situations, and that means students too. If you're used to working on campus, in the library or in your favourite coffee shop, chances are you're having to make some readjustments to your normal routine.

Googler Laura Mae Martin has written a really useful blog post to give us some tips for staying productive, no matter where you're working. Have a read [here](#).
