Digital resources to help support your child’s learning from home.

Check out our Guardian’s Guides to see how teachers and students are using Google’s products, including Chromebooks and G Suite for Education. Google for Education aims to equip students with the tools they need to learn and collaborate anytime, anywhere.

Guardian’s Guide to G Suite for Education
Using Docs, Slides, Sheets, Forms and more, your child can create and collaborate in real time.

Guardian’s Guide to Chromebooks
Chromebooks are simple yet powerful, secure and shareable devices your child uses to create.

Guardian’s Guide to Security & Privacy
Learn about Google’s commitments and how we prioritize security from the beginning in our products.

Guardian’s Guide to Classroom
Your child uses Classroom to access assignments, and communicate with their class.

Guardian’s Guide to Accessibility
Accessibility features are built into G Suite and Chromebooks, so your child can learn in a way that works for them.

Guardian’s Guide to Google Meet
Learn how to set up a video call using Meet, and how your child may be using it for distance learning.
