

GOOGLE TRANSLATE COMMUNITY

MARCH 2016

Language Events

Community events

In 2014, Translate Community launched with a goal to improve Google Translate. With over 100 languages, we've heard from Community members who want to host their own events.

These members are passionate about making an impact and improving the quality of their language on Google Translate.

We encourage that! Here are some examples of their awesome efforts. We can't wait to see what you come up with.

Event sizes

These events come in different shapes and forms. Depending on your style and experience, you may be drawn to one event over the other.

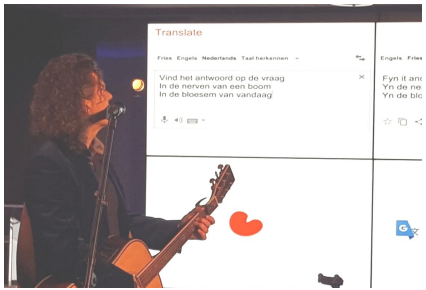

SMALL (5 - 10 PEOPLE)

These in-person gatherings last for an hour or two and can be held at a casual place (e.g. coffee shop, office space, classroom, etc.)

MEDIUM (11 - 100 PEOPLE)

These in-person events bring a large group of people that share a common interest (e. g. students, professionals).

LARGE (101+)

These events are usually held online or series of physical events that can last over a week long.

Event formats

There isn't a right or wrong way to do this! Community members have come up with their own unique way to celebrate their language.

Here are some examples:

01 Presentations
02 Translat-a-thons
03 Validation events
04 Guest speakers
05 Language celebrations

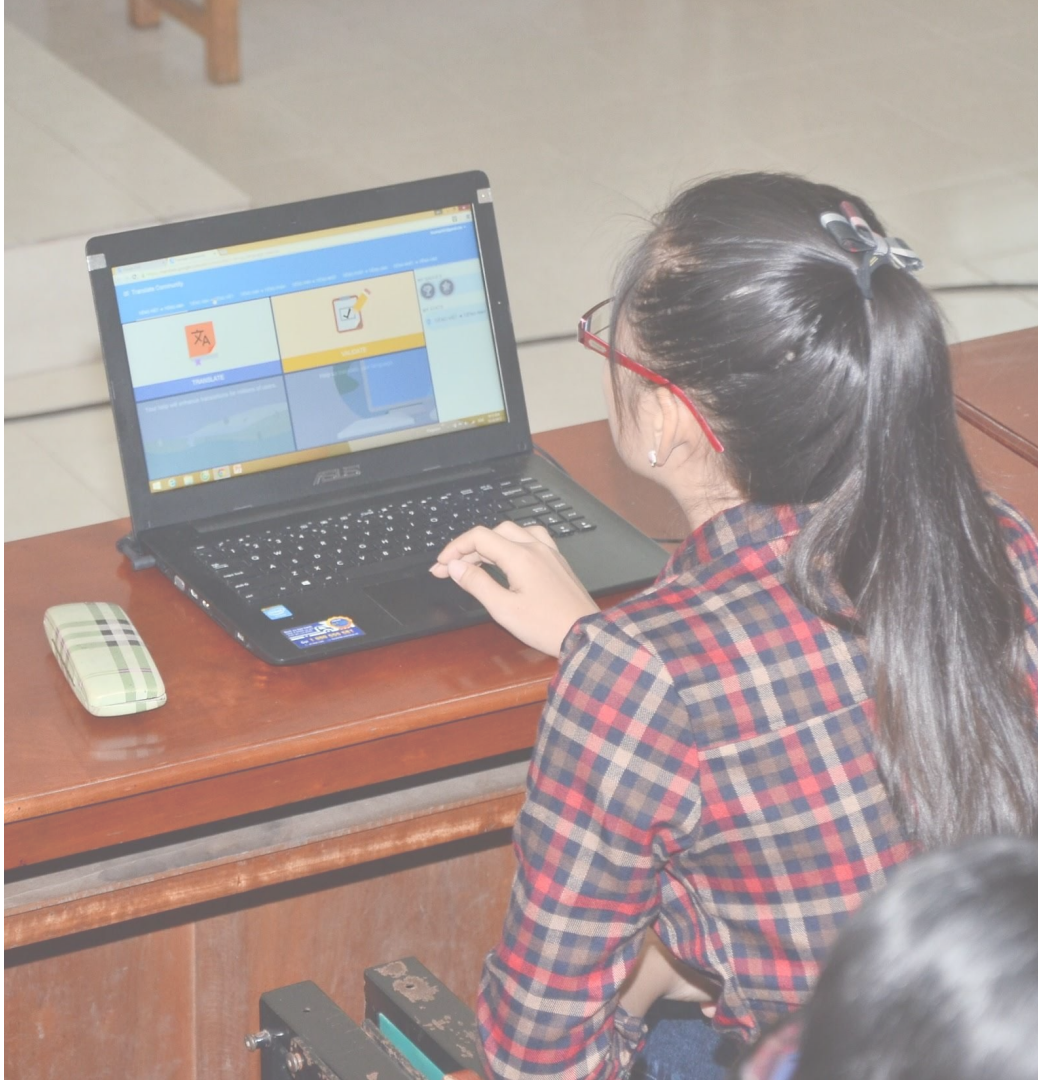

The fine print

These events are hosted on a volunteer basis. It's important to keep in mind that you are **not** hosting a Google event, but rather a language event for your Community.

We know that hosting an event isn't easy. When you host a Community event, Google can help by providing an Event ToolKIT. We can also connect you with other Community members so you can learn from them.

Event host criteria

Requirements to host a Community event:

1) For the past three months, you've contributed to Translate Community
2) Overall, you've made at least 250 contributions
3) You've expressed interest through the application form

We welcome your enthusiasm and can't wait to hear from you. If you have any questions, feel free to contact us.

Thanks!
