

Ed Leadership Program (ELP)

Empowering Education Leaders Worldwide

The Google **Ed Leadership Program (ELP)** equips K-12 and Higher Education leaders around the world with the tools and resources needed to tackle education challenges through the global [ELP Hub](#) and through local in-person and/ or virtual Leadership Circle meetings for three communities:

ELP Admin Community

designed to support technical or IT admins who lead the strategic planning and implementation of technology initiatives for their organization

ELP Leader Community

designed to connect senior education leaders who lead strategic decisions for curriculum & instruction (pedagogy) and are focused on student achievement

ELP Higher Ed Community

designed to support the diverse needs of leaders in higher education, offering resources and opportunities to enhance both technical infrastructure and student success initiatives

Ways to Engage

Join a local ELP Circle

ELP Circles convene role-like leaders for quarterly, peer-led communities of practice gatherings. Leadership Circles are facilitated by experienced, volunteer leaders who aim to foster collaboration with shared learning experiences on key topics for that community.

Join the global ELP Hub

A global collaboration Hub with dedicated online communities offering asynchronous interaction via discussions, content, virtual events, networking and AI-powered language translation.

ELP Membership Process

Step #1: ELP Hub Membership

1. Navigate to Google for Education Community Platforms site:
<https://www.googleforeducommunity.com/>
2. Select: Create an account
3. Complete the registration form
 - In "Email" field, use personal Gmail address.
 - Select the Ed Leadership Program Hub
 - Select the box to join the community that best fits your role:
 - **Admin Community** (designated for Technology Leaders)
 - **Leader Community** (designated for Education Leaders)
 - **Higher Ed Community** (designated for HE Ed Leaders and Tech Admin Leaders)

Step #2: ELP Circle Membership

- Navigate to the Events icon in the [ELP Hub](#) (above), select the **Circle Events** calendar, and view available circles.
- Register to attend an upcoming meeting by clicking on the circle on the interactive map or within the calendar.
