

Get Certified Program 2025

Did you register and need to change your details?

Follow these steps to re-register!

Visit <https://developers.google.com/profile/u/me>

02 Locate your **Innovators Get Certified badge**

03 Click the 3 dots at the top right corner of the badge and click **"Delete badge"**

If this option is grayed out, try switching your language to English in the upper right.

Revisit the <https://cloud.google.com/innovators/getcertified> page and apply to the 2025 program.

You'll receive the Get Certified badge (again) to confirm your spot on the waitlist for the next edition.

Who is eligible to participate in the Get Certified Program?

The Get Certified program has a thorough application review process and is intended for practitioners affiliated with current and prospective Google Cloud customers. All applicants begin on a waitlist and are considered for admission by the Get Certified team.

To start the process and receive the most relevant updates and information about the program, please use your **work (corporate) email address** to sign into a Google Account and apply to Get Certified.

[If you run into an issue creating your profile, use your personal email to create a [Google Account](#), then enter your work email when applying to Get Certified.]

How do I drop off the Get Certified waitlist?

To remove yourself from the waitlist, please remove the Innovators Get Certified badge from your Developer Profile by following the instructions on the previous page.

When will I hear back about my registration for the program?

The Get Certified program has limited seats. We review applications on a first-come, first-served basis and will update you on your status as soon as possible. Expect a response no later than 10 business days prior to the start of an Edition.
