

Nest x Yale Lock

Together with Yale, we've built a tamper-proof lock that lets you control access to your home from wherever you are. Lock or unlock the door from your phone, create schedules, set custom passcodes, and always know when guests come and go.¹ It's simple, helpful, and here to make your home a little safer (and your life a little easier).

Dimensions & Weight

Outside

W **2.59"** L **4.59"**

Inside

W **2.78"** L **7.03"**

Weight

2 LBS; **4.2** OZ

Color

-  Satin Nickel
-  Oil Rubbed Bronze
-  Polished Brass
-  Black Suede

Power

- 4 AA batteries (included)
- Rechargeable batteries not recommended

Feature Highlights¹

- Remote access control with the Nest app
- Up to 20 custom passcodes with scheduling
- Real-time Access History
- Tamper-proof alerts
- Home/Away Assist Auto-Locking
- One Touch Locking
- 9V emergency battery backup

Top features

Unlocking is easy

Simplify the way you access your home:

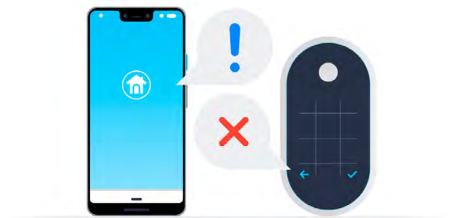

- Unlock your door with the Nest app or the keypad¹
- Create and share up to 20 custom passcodes¹
- Set passcode expiration dates and schedules¹

Locking up is simple, too

Lock your door with the Nest app,¹ or:

- The Google Assistant
- One Touch Locking
- Your personal passcode

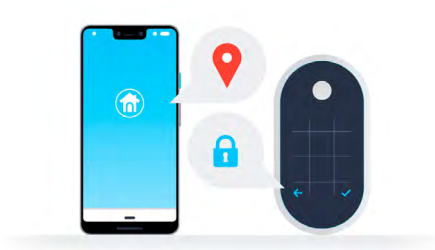

It's tamper-proof and reliable

For extra peace of mind, Nest x Yale Lock can:

- Auto-lock when it knows you're away¹
- Send you an alert if tampered with¹
- Disable and alert you after 5 passcode attempts¹

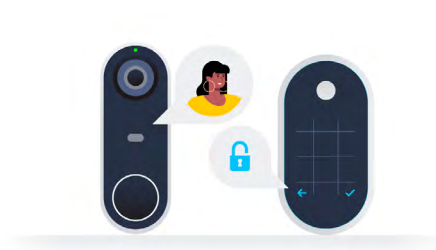

Top features (cont'd)

Regular updates and alerts

The Nest app keeps you informed 24/7:

- Check the status of your lock from anywhere¹
- Get alerts when guests come in and out¹
- See a ten-day overview or daily history¹

Built to work better together

It integrates easily with your smart home:

- See who's there on Nest Doorbell (wired), and let them in¹
- Disarm Google Nest Secure when you unlock your door¹
- Use your voice with the Google Assistant to lock your door¹
