GOOGLE CLOUD CANADA CORPORATION
Pay transparency report

At Google Cloud Canada Corporation, we are deeply committed to ensuring fair and equitable pay practices. Our 2025 B.C. Pay Transparency Report demonstrates exceptional base wage parity, reflecting a narrow 1% median hourly pay gap and 3% mean hourly pay gap. This strong baseline equity is the direct result of our rigorous annual global pay audits, which ensure employees are equitably compensated based on their role, level, and location through Google's annual comprehensive pay equity review process.

† This pay quartile was reduced to suppress gender categories consisting of less than ten (10) employees.

Data constraints

Under B.C. regulations, 'Bonus Pay' mandates the inclusion of non-monetary equity compensation, specifically Google Stock Units (RSUs). At Google, equity constitutes an escalating percentage of total compensation as seniority increases. Our reported bonus pay gap is primarily driven by this equity structure, reflecting tenure, level distribution, and stock grants that vest over time rather than a disparity in performance incentives for the same job.

Explanatory notes

9. "Pay quartile" refers to the percentage of each gender within four equal sized groups based on their hourly pay.

* In accordance with the Pay Transparency Act and reporting rules designed to protect the anonymity and privacy of respondents, one or more gender categories has been excluded due to insufficient numbers to meet disclosure requirements.
