Registered Names will be made available for registration in accordance with the Domain Registration Policy and the Registry TLD’s Startup Policy.

2.2. Maintenance of Registrations Sponsored by Registrar. Subject to the terms and conditions of this Agreement, Registry Operator shall maintain the registrations of Registered Names sponsored by Registrar in the Registry System during the term for which Registrar has paid the fees required by Section 4.

Registry Operator may update such list thereof from time-to-time.

2.4. Rights Protection Mechanisms. Registry Operator will submit to proceedings under, and abide by all decisions made by panels in accordance with: (a) the Uniform Rapid Suspension

System (“**URS**”), (b) the Uniform Domain Name Dispute Resolution Policy (“**UDRP**”), and (c) the Trademark Post-Delegation Dispute Resolution Procedure (“**PDDRP**”), each designed by ICANN as described in more detail at the below URLs:, as may be updated from time to time.

2.6. Registration Periods. The applicable registration periods are set forth in the Registry TLD’s Startup Policy.

2.7. Registry Services Provider. Registry Operator reserves the right to have some or all of the Registry Services performed by one or more of its affiliates or by third party service providers.

- (a) **Ownership.** The Registry Tool Kit, APIs, and Supported Protocol and any supporting documentation are the proprietary property of Registry Operator or its affiliates or licensors and are protected by U.S. and international laws.
- (b) **License Grant.** Registry Operator will determine, in its sole discretion, whether it will provide the Registry Tool Kit to Registrar. Upon Registry Operator’s delivery of the Registry Tool Kit, APIs, and/or Supported Protocol to Registrar, then, subject to the terms and conditions of this Agreement, Registry Operator thereby grants Registrar a non-exclusive, nontransferable, worldwide, limited license to use the Registry Tool Kit, APIs, and/or Supported Protocol and any supporting documentation solely to provide domain name registration services in the Registry TLD under this Agreement.
- (c) **Limitations on Use.** Except with the written consent of Registry Operator or as otherwise authorized under this Agreement, Registrar shall not: (i) sublicense the Registry Tool Kit, APIs, and Supported Protocol or otherwise permit any use of the Registry Tool Kit, APIs, and Supported Protocol by or for the benefit of any party other than Registrar; (ii) publish, distribute or permit disclosure of the Registry Tool Kit, APIs, and Supported Protocol other than to employees, contractors, and agents of Registrar who: (1) have a need to use the Registry Tool Kit, APIs, and Supported Protocol in connection with the registration of domain names within the Registry TLD, and (2) agree to comply with the terms and conditions of this Agreement; (iii) decompile, reverse engineer, copy or re-engineer the Registry Tool Kit, APIs, and Supported Protocol; or (iv) use or permit use of the Registry Tool Kit, APIs, and Supported Protocol for any unlawful purpose or in violation of any Applicable Laws.
- (d) **Changes.** (i) Registry Operator may from time to time replace, update or make modifications to the Registry Tool Kit. Additional terms and conditions governing the use of the Registry Tool Kit may apply. If Registry Operator provides Registrar with the Registry

Tool Kit and elects to replace, update or modify the Registry Tool Kit, then Registry Operator shall provide such replacements, updates or modifications to Registrar within a reasonable time. (ii) Registry Operator may from time to time modify the APIs or the Supported Protocol in its sole discretion. Registry Operator will provide any such updates or modifications to Registrar within a reasonable time (however, Registry Operator will provide 90 days advance notice should any such update or modification materially impact pre-existing Registry Operator functions such as core EPP commands).

2.9. Registry Operator Support Services.

Registry Operator shall provide Registrar with support to address technical issues relating to Registrar's implementation of the Registry Tool Kit, APIs, Supported Protocol, and use of the Registry System. Registry Operator shall operate a technical escalation contact center 24 hours a day by 7 days a week for the purpose of addressing critical issues. Registrar acknowledges and agrees that Registry Operator may choose to decline to provide support, non-technical or otherwise, to any Registered Name Holder or prospective customers of Registrar. For clarity, Registrar acknowledges Registry Operator is not subject to any technical or uptime obligations beyond ICANN-mandated requirements.

2.9.2. Non-Technical Support. Registry Operator shall, at a minimum, provide reasonable web based and e-mail customer service support to Registrar on business days from 9am to 5pm Pacific Time for nontechnical questions relating to the Registry System and its operation. Registrar acknowledges and agrees that Registry Operator may choose to decline to provide non-technical support to any Registered Name Holder or prospective customers of Registrar.

2.10. Handling of Personal Data. Registry Operator shall provide notice to Registrar (including via Registry Operator's Privacy Policy) of the purposes for which Personal Data submitted to Registry Operator by Registrar under this Agreement is collected and used and the intended recipients (or categories of recipients) of such Personal Data. Registry Operator shall not use or share, or authorize the use or sharing of, Personal Data in a way that is incompatible with such notice and/or its Privacy Policy. Registry Operator shall take reasonable steps to protect Personal Data from loss, misuse or unauthorized disclosure, alteration or destruction.

2.11. ICANN Requirements. Registrar acknowledges that Registry Operator's obligations under this Agreement are subject to modification at any time as a result of ICANN-mandated requirements, including without limitation any Consensus Policies or Temporary Policies (as such terms are defined in the Registry Agreement), or other processes set forth in the Registry Agreement. Notwithstanding anything to the contrary in this Agreement, the Registry Operator may update, revise, amend, or change any Registry Policy without advance notice to the Registrar if such update, revision, amendment, or change is mandated by ICANN. Nothing in this Agreement entitles Registrar to enforce the Registry Agreement or any other agreement between Registry Operator and ICANN.

3. RIGHTS AND OBLIGATIONS OF REGISTRAR

3.1. Accreditation. Registrar shall maintain in full force and effect its accreditation by ICANN as a registrar for the Registry TLD.

3.2. Registrar Cooperation. (a) Registrar, including its employees, contractors, agents and designees, shall not impede Registry Operator's performance under this Agreement and shall

Registrar shall provide: (a) reasonable and professional customer support to prospective registrants and Registered Name Holders regarding the acceptance of orders for registration, cancellation, modification, renewal, deletion or transfer of Registered Names; and (b) reasonable and professional customer support (including domain name record support and easy access to and disclosure of transfer codes) and billing and technical support to Registered Name Holders. Registrar shall make available its emergency contact information to Registered Name Holders for the resolution of critical situations such as domain name hijacking.

3.4. Registration Agreement with Registered Name Holder. At all times while it is sponsoring the registration of any Registered Name within the Registry TLD, Registrar shall have in effect a registration agreement with the Registered Name Holder that governs the access and use of the Registered Name ("**Registration Agreement**"). Upon request, Registrar shall provide a copy of the current form of its Registration Agreement to Registry Operator. Registrar may amend the form of its Registration Agreement or add alternative forms, provided a copy of such amendments or alternatives is furnished to the Registry Operator upon request. Registrar shall include in its Registration Agreement those terms required by this Agreement and other terms that are consistent with Registrar's obligations to Registry Operator under this Agreement. Without limiting the generality of the foregoing, Registrar shall require in each Registration Agreement that the Registered Name Holder shall:

- (a) acknowledge and agree that Registry Operator reserves the right to deny, cancel or transfer any registration or transaction, or place any domain name(s) on registry lock, hold or similar status, as it deems necessary, in its unlimited and sole discretion: (i) to comply with specifications adopted by any industry group generally recognized as authoritative with respect to the Internet (e.g., RFCs); (ii) to correct mistakes made by Registry Operator or any registrar in connection with a domain name registration; (iii) to protect the rights and property of the Registry Operator and to avoid any potential or actual liability, civil or criminal, on the part of the Registry Operator as well as its affiliates, subsidiaries, officers, directors, representatives, employees, and stockholders; (iv) to protect the integrity and stability of the Registry System and the operation of the DNS; (v) to comply with all Applicable Laws, government rules or requirements, requests of law enforcement or any applicable dispute resolution process; or (vi) for violation of the terms and conditions set forth in any applicable Registration Agreement;
- (b) to the extent permitted by Applicable Law, indemnify, defend and hold harmless Registry Operator, its parent company and subcontractors, and its and their directors, officers, employees, agents, and affiliates from and against any and all claims,

damages, liabilities, costs and expenses, including reasonable legal fees and expenses arising out of or relating to, for any reason whatsoever, the Registered Name Holder's domain name registration. The Registration Agreement shall further require that this indemnification obligation shall survive the termination or expiration of the Registration Agreement;

- (c) consent to the collection, use, distribution, publication and sharing of any Registered Name Holder's Personal Data by Registry Operator and its designees and agents, in a manner consistent with the purposes specified in any notice provided to Registrars pursuant to Subsection 2.10 of this Agreement;
- (d) submit to proceedings commenced under, and abide by all decisions made by panels in accordance with, the UDRP, PDDRP and the URS;
- (e) acknowledge and agree that all domain names in the Registry TLD(s) will be subject to the Domain Name Abuse Policy and the Registry TLD's Startup Policy;
- (f) provide accurate registration information for the Registered Name (including email address confirmed by return email or other method), and immediately correct and update the registration information for the Registered Name during the registration term for the Registered Name;
- (g) comply with the terms and conditions of the Registry Operator's initial launch of the Registry TLD (including without limitation all of the applicable periods defined in the Registry TLD's Startup Policy) and further acknowledge that Registry Operator has no liability of any kind for any loss or liability resulting from the proceedings and processes relating to any of the applicable registration periods defined in the Startup Policy for the Registry TLD, including, without limitation (i) the ability or inability of a registrant to obtain a Registered Name during the periods defined therein, and (ii) the results of any dispute over registrations that are an identical match to trademarks or service marks listed in the Trademark Clearinghouse; and
- (h) refrain from: Distributing malware, abusively operating botnets, phishing, piracy, trademark or copyright infringement, fraudulent or deceptive practices, counterfeiting or otherwise engaging in activity contrary to Applicable law. Registrar shall provide (consistent with Applicable law and any related procedures) consequences for such activities including suspension of the domain name.

3.5. Compliance with Additional Terms and Conditions. Registrar shall comply with the requirements contained in each of the following, and further shall include in its Registration Agreement with each Registered Name Holder, as applicable, an obligation for such Registered Name Holder to comply with each of the following:

- (a) ICANN standards, policies, procedures, and practices, as may be amended from time to time by ICANN, for which Registry Operator has monitoring responsibility in accordance with the Registry Agreement or other agreement with ICANN;
- (b) Terms and conditions, technical policies and other policies applicable to the Registry Tool Kit, APIs, Supported Protocol, or access and use of Registry Operator's website(s); and

- (c) Registry Policies, which shall become effective upon thirty (30) days' notice (unless otherwise set forth herein (e.g., for changes to the Domain Registration Policy or Pricing Policy)) by Registry Operator to Registrar. Registry Operator will provide additional notice (unless otherwise set forth herein) should any updates or modifications to such Registry Policies materially impact Registrar's operations or product development.

3.6. Rights Protection Mechanisms. Registrar shall implement and adhere to any rights protection mechanisms ("RPMs") that may be mandated from time to time by ICANN or Registry Operator, including without limitation the PDDRP, URS and UDRP dispute resolution processes. Registrar will receive all PDDRP, URS and UDRP complaints and decisions regarding the Registry TLD. After receiving a UDRP complaint about a domain name within the Registry TLD, Registrar will ensure that such domain name is locked within one (1) business day of receipt of such complaint and will notify the Registered Name Holder. Registrar will immediately provide notice to Registrar-Support@CharlestonRoadRegistry.com and any Registry Services provider in the event that Registrar receives notice of a determination in favor of complainant. Registrar shall provide the Trademark Claims Service for the entire period that registration is open for general registration. In addition, Registrar shall provide Trademark Claims notices to prospective registrants at no cost.

3.7. Data Submission Requirements. As part of its registration and sponsorship of Registered Names in the Registry TLD, Registrar shall submit to the Registry System complete data as required by technical specifications of the Registry System that are made available to Registrar from time to time. Registrar hereby grants Registry Operator a non-exclusive, royalty free, non-transferable, limited license to such data for propagation of and the provision of authorized access to the TLD zone files and as otherwise required for Registry Operator to meet its obligations to ICANN and/or for Registry Operator's operation of the Registry TLD.

3.8. Security and Abuse. (a) Registrar shall develop and employ in its domain name registration business all necessary technology and restrictions to ensure that its network and its connection to the Registry System is secure and shall comply with the Registrar Abuse Policy. (b) Registrar shall ensure that all data exchanged between Registrar's system and the Registry System shall be protected to avoid unauthorized access, use or disclosure of information. (c) Registrar agrees to employ the necessary measures to prevent its access to the Registry System granted hereunder from being used to (i) allow, enable, or otherwise support the transmission by e-mail, telephone, or facsimile of mass unsolicited, commercial advertising or solicitations to entities other than its own existing customers (to the extent permitted by Applicable Laws); or (ii) enable high volume, automated, electronic processes that send queries or data to the systems of Registry Operator, any other registry operated under an agreement with ICANN, or any ICANN-accredited registrar, except as reasonably necessary to register domain names or modify existing registrations. (d) Each EPP session shall be authenticated and encrypted as required by Registry Operator in technical documents that shall be made available to Registrar. (e) Registrar agrees to notify Registry as soon as reasonably possible but in any event within four (4) hours of having actual knowledge or reasonably suspecting that its Registrar password has been compromised in any way or its server certificate has been revoked by the issuing Certification Authority or compromised in any way. (f) Upon notice to Registrar, Registry Operator may require other security provisions, practices or technology to ensure that the Registry System is secure and stable, which Registry Operator may require from time to time in its sole discretion. The Registrar will use its best efforts to implement such security provisions, practices or technology within a reasonable time.

3.9. Resolution of Technical Problems. Registrar shall employ necessary employees, contractors, or agents with sufficient technical training and experience to respond to and fix all technical problems concerning access to the Registry System and/or the use of the Registry Tool Kit, APIs, and Supported Protocol in conjunction with Registrar's systems. Registrar agrees that in the event of significant degradation of the Registry System or other emergency, Registry Operator may, in its sole discretion, temporarily suspend or restrict access to the Registry System (making reasonable efforts to provide prior notice thereof if possible). Such temporary suspensions shall be applied in a non-arbitrary manner and shall apply fairly to any registrar similarly situated, including any affiliates of Registry Operator.

3.10. Time. Registrar agrees that in the event of any dispute concerning the time of the entry of a domain name registration into a Registry database, the time shown in the Registry Operator's records shall control.

3.11. Transfer of Sponsorship of Registrations. Registrar agrees to implement transfers of Registered Name registrations from any other ICANN-accredited registrar to Registrar and vice versa pursuant to the Policy on Transfer of Registrations Between ICANN-accredited registrars, as may be amended from time to time by ICANN ("**Transfer Policy**"). Upon request from Registrar, Registry Operator may allow and support bulk transfer to Registrar, without extension of the registration term, and in accordance with the terms agreed to by the Parties in writing to facilitate such transfer(s).

3.12. Restrictions on Registered Names. In addition to complying with ICANN standards, policies, procedures, and practices limiting domain names that may be registered, Registrar agrees to comply with any Applicable Laws that may apply to domain name registrations and its performance under this Agreement. Registrar agrees to comply with any additional restrictions on registered domains set forth in the Domain Registration Policy. Registry Operator will provide 60 days notice to Registrar for any change to the Domain Registration Policy after the Effective Date.

3.14. Whois Accuracy. Registrar shall implement and adhere to any Whois accuracy requirements that may be mandated by ICANN or Registry Operator, including without limitation the Registry Accreditation Agreement Whois Accuracy Program Specification, as may be amended from time to time by ICANN.

3.15. EPP and Redemption Grace Period Obligations. Registrar will not make use of the <restore> EPP command or the redemption grace period without an explicit request to do so by the Registered Name Holder, and Registrar may not restore any domain name in order to assume the rights to use or sell the domain name for itself or for any party other than the Registered Name Holder.

3.16. Registrar's Contact Information for Complaints via Registry Operator. 4. FEES

4.1. Registry Operator Fees.

(a) Registrar shall pay Registry Operator the non-refundable fees ("**Fees**") for initial and renewal registrations and other services provided by Registry Operator to Registrar as set forth in the Pricing Policy or a rate card provided by the Registry Operator and the Parties agree that any non-Fees terms set forth therein shall also apply.

(b) Registry Operator reserves the right to prospectively amend the Pricing Policy in its sole discretion upon ninety (90) days notice.

(c) Notwithstanding the above, Registry Operator shall provide one hundred eighty (180) days notice for any increases to renewal registration Fees that are set following initial registration. However, Registry Operator need only provide ninety (90) days' notice of any such changes to such renewal registration Fees that are set following initial registration if the resulting price is less than or equal to the previously existing Fee.

4.2. Variable Registry-Level Fees. Registrar shall pay Registry Operator the applicable variable fees assessed to Registry Operator by ICANN as permitted by Subsection 6.3 of the Registry Agreement ("**Variable Fees**") in accordance with the Payment Terms (defined below). Registry Operator shall not be required to provide advance notice of any price increase for the imposition of Variable Fees.

4.3. Taxes. The Fees and Variable Fees due under this Agreement are exclusive of tax. Each party will be responsible for all taxes, duties, fees and other governmental charges of any kind (including sales, turnover, services, use and value-added taxes, but excluding taxes based on the net income of Registry Operator) which are imposed by or under the authority of any government or any political subdivision thereof on the fees for any services, software and/or hardware. Registrar hereby confirms that it is “in business” and will be treated as such for the application of VAT. All payments due to Registry Operator shall be made without any deduction or withholding on account of any tax, duty, charge or penalty.

4.4. Payment Terms. After executing this Agreement, Registrar shall submit all information requested by Registry Operator during Registry Operator’s onboarding process for Registry Operator to determine the payment terms applicable to Registrar (“**Payment Terms**”), which may include agreeing to a credit check. After evaluating such information, Registry Operator shall provide Registrar with notice of the Payment Terms. Registrar shall pay all Fees and Variable Fees in accordance with the requirements set forth in the Payment Terms, and portions not disputed per the Payment Terms shall be paid in full. Registrar acknowledges and agrees that Registry Operator, in its sole discretion, may modify the Payment Terms upon sixty (60) days’ written notice of any such modifications to Registrar by Registry Operator. After the effective date of any modifications to the Payment Terms, Registrar will be deemed to accept such modifications upon submitting any initial or renewal registration.

4.5. Non-Payment of Fees. (a) Timely payment of Fees and Variable Fees in accordance with the Payment Terms is a material condition of performance under this Agreement. (b) Late payments shall bear interest at the rate of 1.5% per month (or the highest rate permitted by law, if less). (c) Charges are exclusive of taxes; Registrar shall pay (i) all taxes and other government charges and (ii) reasonable expenses and attorneys’ fees Registry Operator incurs in collecting late payments. (d) In the event that Registrar fails to pay its Fees or Variable Fees as required under the Payment Terms, in addition to the above, Registry Operator may: (i) stop accepting new initial or renewal registrations from Registrar; (ii) for the sake of Registered Name Holders, upon thirty (30) days notice, transfer the Registered Names to other registrars; (iii) upon thirty (30) days notice delete the domain names associated with invoices not paid in full from a Registry database; (iv) give written notice of termination of this Agreement pursuant to Section 11 below; and/or (v) pursue any other remedy under this Agreement or under Applicable Law.

12.10 Waivers. No failure on the part of either Party to exercise any power, right, privilege or remedy under this Agreement, and no delay on the part of either Party in exercising any power, right, privilege or remedy under this Agreement, shall operate as a waiver of such power, right, privilege or remedy; and no single or partial exercise or waiver of any such power, right, privilege or remedy shall preclude any other or further exercise thereof or of any other power, right, privilege or remedy. Neither Party shall be deemed to have waived any claim arising out of this Agreement, or any power, right, privilege or remedy under this Agreement, unless the waiver of such claim, power, right, privilege or remedy is expressly set forth in a written instrument duly executed and delivered on behalf of such Party; and any such waiver shall not be applicable or have any effect except in the specific instance in which it is given.

12.11 Attorneys' Fees. 12.12 Further Assurances. Each Party hereto shall execute and/or cause to be delivered to each other Party hereto such instruments and other documents, and shall take such other actions, as such other Party may reasonably request for the purpose of carrying out or evidencing any of the transactions contemplated by this Agreement.

The Parties agree that any rule of construction to the effect that ambiguities are to be resolved against the drafting Party shall not be applied in the construction or interpretation of this Agreement. If there is a conflict between a term of this Agreement and a term of a policy, exhibit, or other document referenced herein, the term of this Agreement shall govern.

12.16 Counterparts. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.
