TEACHING AND LEARNING UPGRADE

Google Workspace for Education

Empower educators to do their best work

The Teaching and Learning Upgrade can be added to our Education Fundamentals or Education Standard editions* to transform learning with enhanced video communication, enriched class experiences, and tools to drive academic integrity.

Engage your school community anytime, anywhere.

Provide enhanced video conferencing capabilities in Google Meet for teachers, students, administrators, and guardians to connect and work together virtually.

Enrich class experiences.

5

Q

Help teachers create more compelling Classroom content by directly integrating their favorite tools and creating classes at scale with course templates.

Encourage original work.

Originality reports give students and teachers a tool to quickly and objectively scan work for missing citations and to identify original sources.

Secure-by-design infrastructure that you can trust

Google-grade security and reliability are built in, giving you and your school community peace of mind. All features within the Teaching and Learning Upgrade are ad-free, and each virtual meeting is automatically encrypted.

TEACHING AND LEARNING UPGRADE

Google Workspace for Education

Deepen every learning opportunity

The Teaching and Learning Upgrade provides enhanced capabilities in Google Meet, Classroom, and Assignments. It works seamlessly with the other productivity tools in Google Workspace for Education, like Gmail, Docs, Calendar and more.

Engage

- Connect with up to 250 participants in Google Meet or live stream to up to 10,000 in-domain viewers
- Help students share what they're thinking using interactive tools in Google Meet like Q&As, polls, and breakout rooms
- Easily monitor and keep classes on track in Google Meet with attendance reports
- Record, save, and archive meetings directly to Drive to easily access later

Enrich

-

- Create more compelling content with Classroom add-ons, integrating your favorite third-party tools right inside Classroom, all with a single sign-on
- Easily start new classes using course templates in Classroom
- Inspire new class ideas with an easily searchable template library

Coming soon

Guide Q

- Save time identifying potential plagiarism and help guide authentic student work with unlimited originality reports
- Identify peer matches by scanning work against a private domain-owned repository of past student submissions
- Help students take ownership of their work and incorporate proper citations by providing more opportunities to check for originality

Get the storage you need.

For each license, add 100 GB to your shared pool of storage, which ensures enough space to save recorded lessons and more in Google Photos, Drive, or Gmail.

Choose how many licenses to buy. Flex your budget by consolidating the cost of additional enhanced tools onto a single platform, and only pay for the licenses you need.

Enhance your digital security.

Proactively protect your school community with <u>Education Standard</u> premium security and insight controls so teaching and learning never stop. Or upgrade to a comprehensive solution with <u>Education Plus</u>, which includes both enhanced teaching and learning tools and proactive security and insights.
