

Google Cloud Platform (GCP) Certification

The Google Cloud Certified program provides GCP practitioners the opportunity to pass certification exams to gain industry recognition, validate technical expertise, and help take their careers to the next level. Vouchers to take a GCP certification exam can be purchased in bulk and distributed among authorized team members.

Levels of Certification

Foundational Certification (Cloud Digital Leader)

The foundational level certification is for business practitioners in non-technical roles within organizations implementing GCP. This certification provides a high-level introduction to core Google Cloud Platform technology and its business use cases.

Associate Certifications

The associate level certification is a job-task based certification focused on core GCP technology. This certification is a good starting point for those new to cloud or new to GCP and can be used as a path to professional level certifications. Recommended experience: 6 months+ hands-on experience with GCP

Professional Certifications

Professional certifications are job-role based and assess advanced design and implementation skills developed through hands-on experience. Recommended experience: 3+ years of industry experience including 1+ years designing and managing solutions using GCP.

Program Rules

- A participant in the certification program (a “test taker”) may redeem a voucher by scheduling a GCP certification exam
- Test takers must both schedule and take the applicable exam within one year of the date of voucher issuance by Google, at which time the voucher will expire
- Once redeemed for a scheduled exam, a voucher cannot be reissued or reused
- A fee will be charged for rescheduling less than 72 hours prior to the scheduled exam time for an onsite (test center) exam, or 24 hours prior to the scheduled exam time for an online exam
- A voucher is considered consumed (i.e. no longer valid) once the test taker takes (or does not show up for or take) the scheduled exam for which the voucher was redeemed
- To take a certification exam, the test taker must agree to the terms at <https://cloud.google.com/certification/terms>
- See <https://cloud.google.com/certification/> for the full list of available GCP certification exams
- Vouchers may not be redeemed for beta and pilot exams. Payments for vouchers are non refundable

* For Foundational Certification vouchers purchased through a reseller, such access expires 6 months from the date that the Fulfillment Partner enables reseller's access to the training content

Guidelines

- Minimum purchase of five vouchers
- Pricing will be agreed upon by Customer and Google (or Customer and an authorized reseller, as applicable) as specified in the applicable Order Form
