

Supercharge your growth with the Google for Startups Cloud Program

Gain access to dedicated startup experts, Cloud credits for your first two years, Google tools built for speed and insights, and more

 cloud.google.com/startup

Start

If you're early in your startup journey and not yet backed with startup equity funding, you may be eligible for

- Up to [\\$2,000 USD in credits*](#) to use over two years
- Access to technical resources and our global startup community
- Additional access to Google Workspace discounts, Google Domains discount, and more.

Scale

If you're backed with startup equity funding from pre-Seed to Series A, or common web3 funding sources, you may be eligible for

- Your first year of Google Cloud and Firebase usage covered with [credits up to \\$100,000](#)
- 20% of Google Cloud and Firebase usage costs covered in year two (up to an additional \$100,000 in credits)*
- Connected with Google experts, exclusive events, and networks
- Guidance from your dedicated Startup Success Manager and Google Cloud engineers
- Expanded access to Google Workspace discounts, Google Maps Platform credits, upskill opportunities, and more.

Eligibility: See full eligibility on our [application page](#).

*Includes all Google Cloud services with usage costs credited back to you monthly.
