

# Startup Perks - Anthropic and Mistral

As of May 2025, all startups who join the Scale and Scale AI Tier of the [Google for Startups Cloud Program](#) receive \$10,000 USD of credits visible in Console that can be used toward partner models in Model Garden (including Anthropic, Mistral, AI21). Google and third party open source models are covered by any existing, available startup program credits.

*If you are a Scale or Scale AI Tier program member and joined prior to May 2025, please contact your Google Cloud Account Executive to request access to these credits.*

*If you are not a member, you can learn more about [how to join](#).*

## **How do I know if I'm a Scale Tier member of the Google for Startups Cloud Program?**

In your Google Cloud billing account console, you will see active credits from "GFS Cloud Program - Scale" or "GFS Cloud Program - AI".

## **Who is eligible to join the Scale Tier of the Google for Startups Cloud Program?**
