Transformation Advisory

The objective of the Transformation Advisory service is to engage your business by inspiring users to innovate on their day-to-day business processes using the new tools provided, with hands-on labs, scaled solutions, and dedicated technical advisory.

This service will help align overall business goals and drive change in legacy behavior over time.

Key Activities

Transformation Lab
- Lab preparation: help define business objectives and agree on task planning using the pre-lab checklist.
- Lab delivery: deliver half-day, on-site lab to customer.
- Lab output: contribute to the summary of prototypes, action plan, and pipeline of projects.

Solution Prototypes
Advise on implementing lab prototypes in the business post lab, supporting solution development, communications, training, and success metrics measurement.

Business Transformation Tracker
Post transformation lab, contribute to the development of a business transformation tracker with prioritized list of projects.

Project Plan
Contribute to development of project plan.

Scaled Solution Pack
Provide advice on generic and customer-specific scale solutions.

Transformation Innovation Council
Provide advisory support for standing up a Transformation Innovation Council and Program Office.

Deliverables
- Post Lab Executive Summary
- Business Transformation Tracker
- Scaled Solution Examples

Scope and Pricing
- Up to five days engagement (on-site or off-site at Google's discretion) within one month period
- Minimum of 12 and maximum of 30 participants at the Transformation Lab activity
- Pricing will be agreed upon by customer and Google and specified in the applicable Ordering Document

Terms and Conditions: This datasheet is associated with the following SKU: GAPPS-PROF-SVC-TSP. The services described in this datasheet are governed by the applicable fully signed Ordering Document and any incorporated terms and conditions.
