

Google for Education: Supporting students for career readiness

Teach with Chrome Series

March 10, 2022

Speaker slide

Anthony Ham

Director of Technology
Roseville Joint Union High
School District

Agenda

Introduction
Body copy

The Digital Equity
Project

Building on a
Chrome
Foundation

Laying the foundation

Our Journey to Digital Equity

Roseville Joint Union High School District

About us

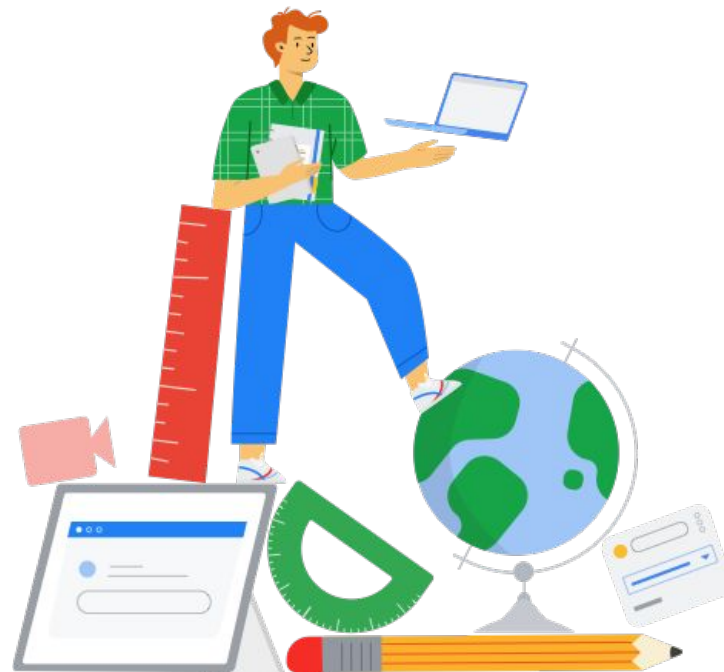

High Schools Only*

600 teachers

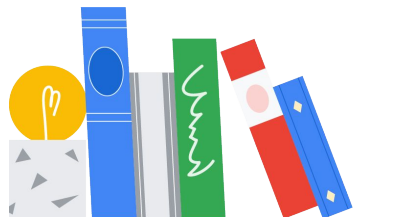

10,700 Students

515 Learning Areas

2 Counties

Why go 1:1 (pre-covid)?

-  A Growing User Base
-  Teacher Pain Points
-  **21st Century Skills**
-  Recognition of Limitations
-  **Growing Inequities**
-  **Clarity of Purpose**

Building the right team and identifying what success looks like

-  Staffing
-  District Tech Team
-  Administration
-  The Board
-  Regional Cohort

Teaching 21st Century Skills, and Not Tools

-  Communication
-  Collaboration
-  Critical Thinking
-  Digital Literacy

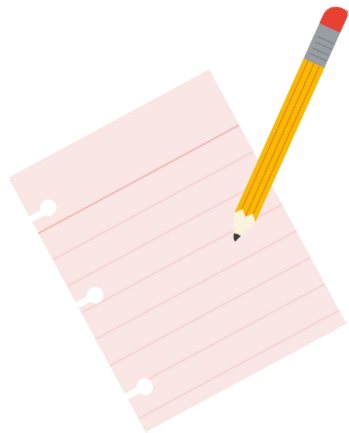

The Digital Equity Project

Our Digital Ecosystem

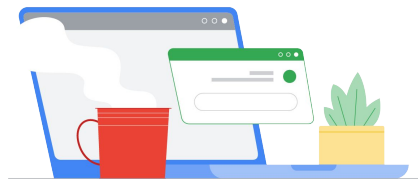

Take Home Devices

Libraries as the Technology “Hub”

Affordable Device Insurance

Now that we
deployed, everything
was perfect... right?

Changing Organization Roles

Logistical Difficulties

Resource Constraints

Section 02

Building on a Chrome Foundation

Building Career Preparedness

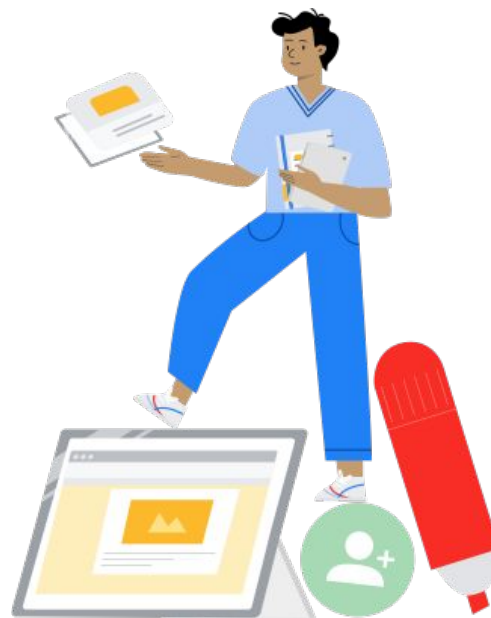

Digital Equity

We're here! Now what?

Continuing Momentum

Expanding Functionality

Increase Supportability

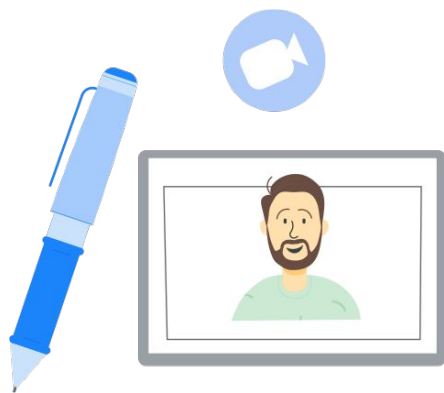

Digital Equity in Career Readiness & CTE

-  Bio-Med
-  Construction
-  Food Services
-  Engineering
-  Graphic Design
-  Digital Media

The Widening Gap in Application Access

Graphic Design

3D Animation

Engineering

Video Editing

Equitable access to workstation class software via Chrome OS. Seriously...

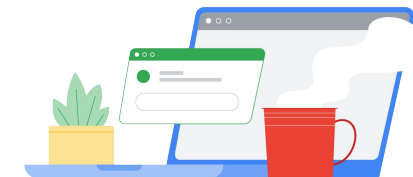

Adobe

- Illustrator
- InDesign
- Lightroom
- Photoshop
- Premier Pro

AutoDesk

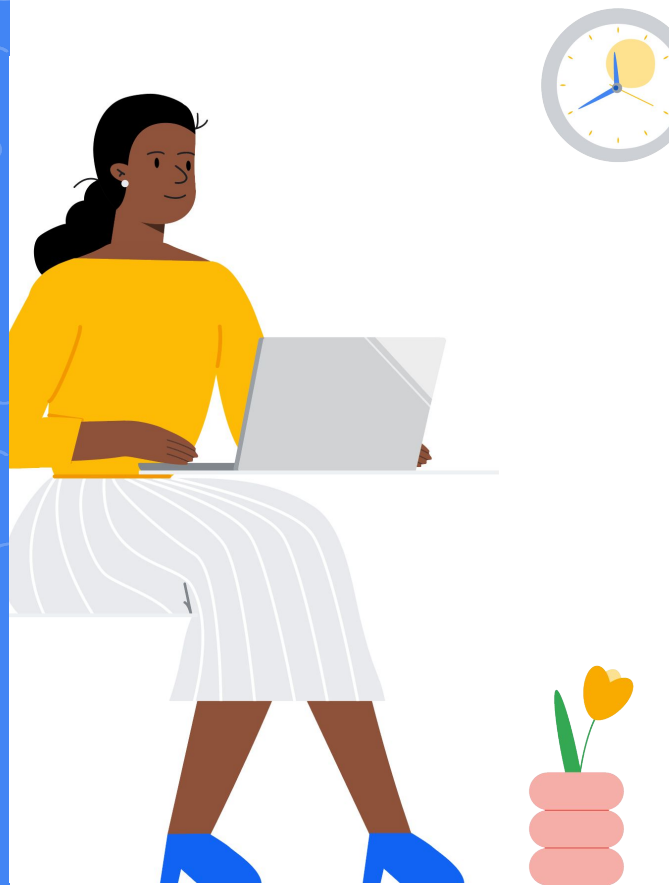

- 3ds Max
- AutoCAD
- Fusion 360
- Inventor
- Maya
- Mudbox
- Revit
